Dear Mr. Mecham,

The City of Payson would like to propose the following changes in the ownership, operation and maintenance of the road system within Payson City. The City would propose that the ownership, operation and maintenance of State Route 147 from milepost 0.00 to milepost 2.91 be transferred to Payson City in exchange for State ownership, operation, and maintenance of the Payson City 800 South street from it's terminus on the west side of Interstate 15 to the intersection with State Route 198.

We have discussed this proposal with our City Council and with representatives from the Utah Department of Transportation and all concur that this exchange would be beneficial to both parties, as well as the traveling public. We would ask that you forward this information to the appropriate authorities for review and approval. If you are in need of further information, please feel free to contact me by calling (801) 465-5209 between 8:00 a.m. and 5:00 p.m.
