Contact List

This Contact List provides information for the Standard Specifications and Standard Drawings. Contact the appropriate area or person if you have a technical question about a Specification or Drawing.

Standard Specifications

- Find the Specification number
- The contact group is listed to the left
- The contact people for each group are listed on page 7
- Related drawing series call outs are listed for each Specification that references a Standard Drawing series

Standard Drawings

- Find the Drawing series
- The contact information for each Standard Drawing Series is listed with the Drawing series on page 8
- Related specification call outs are listed for each Drawing series that is referenced by a Specification or Standard Drawing

Please contact Barry Axelrod at baxelrod@utah.gov or 801-964-4570 or Brad Yeates at bbyeates@utah.gov or 385-315-3872 if you need additional assistance after referring to the below listings.
